

PUBLIC PARTICIPATION SESSION

Highways & General Purposes Committee – 28th September 2022

034/23H **Public Participation:** The Public Participation session opened at 7.31pm.
Two members of the public joined the meeting.

One member of the public advised that he was attending the meeting in order to hear the discussion regarding the update on the Forest Road speeding measures.

Another member of the public thanked Members for the recent implementation of speeding measures on Hambledon Road, as these are an improvement compared to the island in the middle of the road further down. However, he also advised that the hedge obstructs the pavement next to the island, causing pedestrians to walk very close to the edge of the road (and traffic).

The Chairman closed the Public Participation session at 7.33pm.
